Choosing the Right Plants

Tips:

- Match plants to your climate zone.
- Use evergreens for year-round structure.
- Mix mature trees with fast-growing shrubs for instant impact.

Trick: Group plants with similar water and sunlight needs to reduce maintenance.

Design Basics for Stunning Landscapes

Tips:

- Use the rule of thirds for plant placement.
- Incorporate focal points like large trees or water features.
- Layer plant heights: tall in the back, low in the front.

Trick: Use curved lines for natural, flowing garden beds.

Planting & Installation Techniques

Tips:

- Loosen roots before planting trees or shrubs.
- Dig a hole twice as wide as the root ball, not deeper.
- Add mulch—but never touch the trunk!

Trick: Water deeply and less frequently to promote deep root growth.

Maintenance for Long-Term Success

Tips:

- Prune at the right time: late winter for most trees.
- Fertilize with a slow-release formula in early spring.
- Watch for pests—early signs save whole plants.

Trick: Use drip irrigation to save water and time.

Our Premium Selection

At the heart of every successful landscaping project is high-quality plant material. We specialize in offering premium, mature trees, shrubs, and evergreens that immediately elevate the beauty, value, and impact of any outdoor space.

What We Offer:

Mature Trees

- Available in a wide range of species and sizes
- Provide instant shade, structure, and visual impact.
- Great for creating privacy screens or focal points.

Shrubs

- Flowering, evergreen, and ornamental varieties.
- Ideal for defining borders, adding texture, or softening hardscapes.
- Low-maintenance options available for residential or commercial use.

Evergreens

- Perfect for year-round color and screening.
- Varieties suited for formal hedges, windbreaks, or natural backdrops.

Why Our Selection Stands Out:

- Mature & Landscape-Ready

Our plants are carefully grown to maturity, ensuring they're ready for immediate impact—not months or years down the road.

- High Survival Rates

Professionally cared for and acclimated to local conditions for better transplant success.

- Diverse Inventory

Whether you're planning a formal garden, modern landscape, or natural woodland-style retreat, we have the right plants for the job.

Landscaper Services

- Volume pricing and trade discounts
- Flexible, timely delivery to job sites
- Access to hard-to-find specimen trees
- Expert advice for challenging installs
